Our Lady of the Snows School

November 7, 2011

Parent-Teacher Conferences offer parents and teachers the opportunity to keep in touch and to share information about the children's development and performance. It is a time for us to discuss any concerns. We look at the children's portfolios, review progress reports, and make note of their progress. Thank you for coming to the conferences as they are a very important aspect of communication between family and school.

This week we are taking a look at bats and turkeys. We will also read about the pilgrims and the first Thanksgiving Day celebration in this country. These activities will probably continue or the next two weeks. We are also practicing for the School Christmas Program. We are asking each child to bring one large brown paper bag (grocery bag) to school by next week. We are in need of any used

glass baby food jars with lids that you may have.

Reminders:

The school is having a Picnic Pizza Lunch Day this Friday. The orders must be returned by Wednesday. If you are not ordering the picnic lunch, please provide your child with a lunch from home. There is no hot lunch program on Friday.

Tamale Sale orders are due Nov. 10.

The cook dough orders are due Nov. 14.

The Christmas program is Dec. 19.
